

GENT TREADLY

Gent Treadly and his bass have gone down countless roads and stormed the gates of heaven. Having toured all over the country with legends Vince Welnick of The Grateful Dead and Charles Neville of The Neville Brothers, Gent Treadly (a/k/a Greg Koerner) continues to carry the flame – a diehard acolyte in search of the ultimate groove! Gent Treadly's five prior albums of original music are streaming on all major platforms.

Greg founded Gent Treadly in 1994 in NYC with Tommy Kaelin and Mike Jaimes (rest in power), and subsequently philled in for Dark Star Orchestra and provided low end for countless East Coast bands before migrating to Florida in 2020. In Florida, Gent Treadly continues to create original music a la carte and with the trio The Joint Chiefs and Dead tribute Unlimited Devotion. 2024 plans include touring as the bassist for jazz luminary Stanley Jordan, turntablist sensation DJ Logic, and trumpeter Willie Waldman.
